

HOME OF *American Rights*

2019

Annual Report

July 1, 2018 – June 30, 2019

2019 | FROM THE BOARD OF REGENTS

To Our Generous Supporters,

Gunston Hall is a National Historic Landmark and an accredited AAM museum property. Located in northern Virginia, overlooking the Potomac River, this 550-acre estate reflects 200 years of the Mason family history. The property includes an 18th century “Mansion” known for its splendid architecture and its association with George Mason IV, a Revolutionary era planter and patriot.

Over the past five years Gunston Hall has become a vibrant and forward-looking institution. Executive Director, Scott Stroh, and an energetic staff have provided the inspiration and leadership to take this historic site to the next level. In 2016 the Board of Regents of Gunston Hall committed to a twenty-year Master Site Plan. This new vision for Gunston Hall will provide an array of educational programs and recreational experiences for all ages. The Plan’s first phase will focus on restoring the historic core as it appeared during the time of George Mason IV. Already underway is the restoration of a one-acre garden located on the riverfront of the Mansion. The garden will be a horticultural masterpiece and provide an educational environment for visitors to experience and understand the important social and practical duality of gardens in 18th century America. Public interest and support for this project have been impressive.

The Board of Regents of Gunston Hall and the Gunston Hall Foundation greatly appreciate the on-going support of the Commonwealth of Virginia, The National Society of The Colonial Dames of America and local and nation-wide donors. It is your generosity that allows Mason’s ideas to live through his beloved Gunston Hall, *Home of American Rights*.

With gratitude,

Nancy Robertson McAteer
First Regent of the BRGHI

Helen Bragg Cleary
President of the Gunston Hall Foundation

EXPENSES

George Mason believed in financial stewardship and fiscal responsibility. The Board of Regents of Gunston Hall, Inc. respects and adheres to these same strong beliefs. As such, we are extremely proud that 58% of our expenses directly support education and preservation initiatives at Gunston Hall. We are equally proud that 86% of our income is contributions from the Commonwealth of Virginia, corporations, and private individuals. We collectively appreciate this generous support and we value your confidence and trust.

Copies of Gunston Hall's audited financial statements are available upon request.

DONOR SPOTLIGHT

In the body of our original, un-amended Constitution, only one clause (Article I, Section 8, Clause 8) conveyed a right to an individual, and that was the right to own and profit from one's own ideas. If not for George Mason, we would have had no other individual rights and freedoms, no Bill of Rights. It was George Mason -- not Madison or Jefferson -- who first penned these rights and it was he who continued to insist upon their inclusion in our Constitution.

So it with gratitude that we commend the leaders, board, staff and volunteers at Gunston Hall for their great skill and dedication in educating visitors of all ages in the lessons and contributions of one of our most important founding fathers, and for so carefully preserving Gunston Hall for future generations. Unique among historic sites, only Gunston Hall offers visitors the opportunity to discover the man, the family, the community, and the era that gave us the basic rights and protections we hold most dear. It is a privilege and honor to support the work and mission of Gunston Hall.
